

## THEMES AND REQUIREMENTS

### Pocket Garden Competition Design Theme “Take a Seat “

Our pocket garden competition is an opportunity to inspire the public with creative, thoughtful design. Each garden must include a chair or a place to sit, and how you bring this to life is entirely up to you — it could be traditional, playful, sculptural, natural, bold, or delightfully unexpected. We invite you to create a space that celebrates small gardens, sparks curiosity, and offers a moment to pause and enjoy. Your design should showcase thoughtful planting and demonstrate how even the tiniest gardens can provide beauty, rest, and interest.

#### Garden Space dimensions

2.4x2.4m square, 400mm high

#### Signage

Each Garden will have a sign arranged by the Perth Garden Show.

Please provide:

- A Name for your Garden
- A short “Design Intent” (add max 150 words to fit on the sign )
- We also encourage you to provide a plant list for the public to view, either as a sign on the garden, or a QR code linking to an online plant list.
- If a QR code is provided by the due date, it can be included on your main garden sign.

#### What we provide

- Corten steel garden surrounds (a 2.4x2.4m square, 400mm high)
- Soil & mulch
- Plants – we will link you to suppliers; you will order these directly and are responsible for returning them in good condition
- Water

#### What you are to provide

- Any additional hardscaping elements (please ask if you need assistance sourcing items and we will help where we can)
- Any additional plants not available from our suppliers
- Plant list as early as possible to ensure your desired plants can be sourced and grown
- QR code or plant list
- Items to prop up your plants to the desired height (common solutions include empty nursery pots, creates etc).
- All elements in your garden must be securely in place for the duration of the show.

## 2026 ENTRY FORM: SHOW GARDENS

NAME / BUSINESS NAME:

DISPLAY TITLE:

DESIGN CONCEPT:

KEY FEATURES (What elements will be included? e.g. plant selection, structures, pathways)

# JUDGING AND PRIZING

## Judging Criteria

### 1. Concept & Theme 25%

- Interpretation of the theme
- Clear seating element is included and meaningfully integrated
- Alignment with the Entrant's submission summary/design statement
- Garden tells a story or creates an experience

### 2. Design & Creativity 25%

- Original and engaging concept
- Strong visual composition (balance, proportion, focal point)
- Clever use of limited space

### 3. Planting 25%

- Suitable plant choices for the design intent
- Water wise, climate-sensitive selections
- Texture, colour and form are considered
- Healthy, well-presented plants

### 4. Presentation & Finish 25%

- Well planned and executed
- Neat, quality construction
- Safety and durability
- Attention to detail (eg no nursery pots showing)
- Information for the public – eg plant list available

## Prizing

First prize will be awarded to the best overall garden and prizing will include a plaque and a cash prize of \$500.

Runner up prize will be awarded to the best overall garden and prizing will include a certificate and cash prize of \$250.

## SHOW GARDENS TERMS AND CONDITIONS

The Show Gardens are designed to inspire and educate visitors by showcasing excellence in landscape design, planting, and innovation. These gardens are intended as display-only exhibits and are not retail trading sites.

### 1. Display-Only Conditions

- Static display only: No direct selling or cash transactions are permitted within the Show Garden area during show hours.
- Sales enquiries: Designers and exhibitors are encouraged to share contact details or links for follow-up sales or services (e.g. via QR codes or brochures).
- End-of-show exception: Limited sales or plant clearances may occur only during the final few hours on Sunday afternoon, after approval from event management.

### 2. Signage, Branding and Garden Build

- Primary signage: Each Show Garden may display one main sign identifying the garden name, designer, and participating businesses (e.g. plant suppliers, landscape contractors, sponsors).
- Size limit: Total signage area should not exceed 1.5 m<sup>2</sup> in total footprint.
- Style: Signage should be professionally presented and in keeping with the design aesthetic of the garden. Handwritten or promotional banner-style signs are not permitted.
- QR codes: Permitted for visitors to access design information, plant lists, or business contact pages.

### Show Garden Build Guidelines:

It is preferred that display gardens are built with no digging. No turf is to be removed and turf and soil to be returned to pre-existing condition following the completion of the event. All sand, gravel, rocks, and other building materials must be contained on the site and placed on a permeable membrane such as weed mat/shade cloth/jute etc and all materials to be removed from the show garden site at completion of the event.

Grounds must be reinstated to peak condition within two days of the event's completion. Any cleanup not completed within this timeframe will be invoiced to the installing company.

All show garden designs must be submitted for approval to Premiere Events prior to installation.

### 3. Retail and Product Promotion

- No retail activity: Selling or taking payment on site is not permitted within the Design Hub or Show Garden precincts.
- Retail display option: Businesses wishing to sell products or plants are encouraged to book a separate retail site within the main exhibition area. This ensures a clear distinction between display and sales spaces.

### 4. Professional Conduct

- Exhibitors must maintain their garden presentation for the full duration of the event.
- Staff or volunteers should be available to engage with visitors, but conversations should remain informative rather than sales-focused.
- All promotional materials distributed from the site should align with the event's environmental and sustainability standards.
